

## WE NOMINATE

H. Alexander Smith, the Princeton Community's senior statesman and one of this nation's most influential senators during the first six years of the Eisenhower Administration, whose gift this week to the Princeton University Library of his personal papers was applauded by historians, political scientists and other analysts of American foreign policy. At the time he is looking forward to his 81st birthday (January 30th), and to his 60th wedding anniversary in 1962, the long-time Princetonian is making his voluminous and unedited papers available to qualified scholars "at the discretion of the University Librarian or his alternates."

One observer has noted that this generous and thoughtful action on the part of the Senator, supported by his substantial gift for the "appropriate care" of the papers and "for other library purposes in the area of public and international affairs," could help shape new interpretations of one of the most hectic decades in United States history. Smith's 12 years on the Senate Foreign Relations Committee, bracketing the careers of five Secretaries of State, included such crucial events as the Yalta Conference, the Baghdad Pact, the Truman-MacArthur controversy and recurring United Nations and NATO crises.

Of comparable significance to Princetonians with more limited horizons are the sections of the Smith Papers bearing upon Princeton at the turn of the 20th century and the development of the University during the administration of John Grier Hibben (1912-1932). A member of the Princeton Class of 1901, who had been persuaded by Woodrow Wilson to study law, Smith chaired the committee which studied the reorganization of the University in 1919-20 and, from 1920 until

1930, held forth as the University's Executive Secretary as well as lecturer in politics and international relations.

During the 1920's, while practicing law in New York, Smith became increasingly interested and active in New Jersey Republican affairs. A hard-working member of the State Republican Committee (of which he subsequently became chairman), and also a member of the National Republican Committee, Smith was first elevated to the U.S. Senate in 1944, filling the vacancy created by the death of Warren Barbour. Re-elected to the Senate by convincing margins in both 1946 and 1952, he was appointed in 1958 a Special Consultant to the Department of State and handled a series of overseas assignments with distinction.

After 15 years of residence and practice in Colorado, a move dictated by ill health, Smith was called to prominence by Herbert Hoover when the latter assembled his staff for the U.S. Food Administration of World War I renown. Smith's reminiscences consequently span some 40 years of American public life, starting with the "Golden 1920's" and ranging up through his years of close association with such divergent and striking personalities as George Marshall, Dean Acheson and John Foster Dulles; Senators Arthur Vandenberg, Robert Taft, Walter George and Theodore Green; and Vice-Presidents Barkley, Wallace and Nixon.

For sensing all Woodrow Wilson meant to convey in coining the slogan, "Princeton in the Nation's Service", for his unflagging and highly intelligent advocacy of this nation's two-party system; for preserving primary source materials of unquestioned value to oncoming generations of citizens and scholars; he is **Town Topics'** nominee for

### TRUE CHRISTMAS GIVING

To Help Needy Children. "I don't think I could have a very merry Christmas, if I knew the cases of which you wrote weren't having a happier one this year." The note from a donor to the TOWN TOPICS Christmas Fund is typical of many sent during the past week with gifts which raised the total to \$2,485.50.

A Kingston resident expressed appreciation for "the splendid work you are doing for the less fortunate people of Princeton," while a Princeton woman sent "best wishes for a generous response to a very moving appeal." A former Princeton High School student, making a contribution in the name of one of her teachers, commented,

"Congratulations on the object of your Fund: guidance."

### "We Have No One to Turn To . . ."

From the 1960 TOWN TOPICS Christmas Appeal:

"Our forgotten few would include an anxiety-ridden and yet highly responsible 11-year old boy, whose despondent young mother recently wrote 'we don't have any one to turn to even for advice—please help us if you can'; three little girls, the youngest of whom is approaching three, who are huddled together in drafty Christmas Fund and mailed and barely furnished attic to P.O. Box 664 Contributions in which there can be no privacy nor play; Tony Torics, 4 Mercer space; and twin 14-year old Street, or at Hinkson's, 74 boys living in a dreary Nassau Street.

**LIVING NATIVITY:** Spirit of Christmas is exemplified by members of Calvary Baptist Church, Hopewell, who pose each year in outdoor Nativity scene on church lawn at Broad Street near Greenwood Avenue. This is the fourth year scene has been staged. First 1960 presentation was last Sunday. Others will be this Thursday, Friday and Saturday from 7 to 8:30 p.m.

is far more important to these children than toys for the Christmas stocking."

A West Windsor Township resident asked that her gift be marked for assistance to "the young mother with two toddlers" who were among the "forgotten few" of which TOWN TOPICS wrote in its 1960 appeal. She added,

"I am young and have two small children. Sometimes being a friend can mean more than money. I would like to know her."

Contributions came from all parts of Princeton, from many nearby communities, and from readers in New York, Pittsburgh, Trenton, Maryland and Florida. Among the contributions was one sum raised by several friends who agreed to give money they would otherwise have spent in sending Christmas cards.

The need this year is greater than ever, and the Fund is put to the best possible use the year 'round. There is still time to give.

**MALE FOR GOVERNOR?** "I am honored," "I'm not doing anything active to seek the gubernatorial nomination,

but I'm honored and flattered that my name has been considered," said Borough Mayor Raymond F. Male, in response to the appearance of his name on a list of 36 prospective candidates for the 1961 Democratic nomination.

Governor Robert Meyner and Democratic county leaders met at "Morven" Saturday to discuss the list, but made no immediate decision. The county chairmen did agree, however, that it would be better to unite behind a single candidate than to go through a costly primary fight.

Fourteen of New Jersey's 21 counties were present at "Morven" for the meeting. The Democratic strong-hold of Hudson County was missing, and so were Atlantic, Camden, Cape May, Cumberland, Essex and Ocean.

"When I started out in government work I certainly never expected to be considered as governor, or even as mayor of Princeton," said Mayor Male, "but I've been keenly interested in state and local government all my life. Let me put it this way: if the party wants me, they know where to find me. Nobody will have to twist my arm to get me to run. I would consider it a great honor."

Mayor Male said that he had not given much thought to the possibility of running in 1961 for a third term as mayor of the Borough.

"I believe that public jobs should be passed around," he said, "and there are a lot of highly competent men here in Princeton who could do the job at Borough Hall. As for me, of course, I guess everybody knows that I've never done anything I've enjoyed more in my life than serving as Mayor of Princeton."

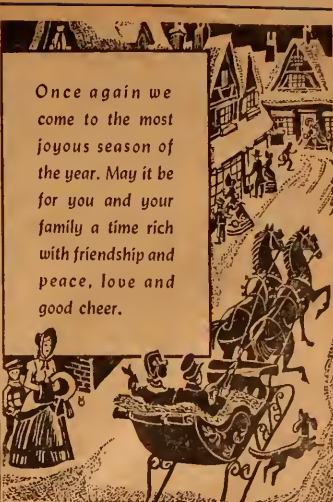

Among other possible candidates on the list of 36 are United States Senator Harrison A. Williams, who is said to have considerable support within the Democratic party; Congressman Frank Thompson, Jr. of the Fourth District; State Highway Commissioner Dwight R. C. Palmer, and former Attorney General David T. Wilentz. Mr. Wilentz is also said to have many supporters.

**HOSPITAL PLANS NMAS Caroling.** Trees Featured, Caroling by community groups, and Christmas trees in the nursing units and in the lobby will be among signs of Christmas at Princeton Hospital. There will also be lighted Christmas trees and Christmas dinner will be served by tray girls dressed in Santa Claus costumes.

Children in the Pediatric Ward have their own special Christmas trees, donated by the Women's Service League of the Lutheran Church of the Messiah, Cub Pack 50 also decorated trees and Girl Scout Intermediate Troop II made tray favors.

Festivities at Merwick, the hospital's long-term nursing unit, will center around a tree decorated by the Soroptimists. The group held its annual tree-trimming party at Merwick's first Christmas in 1967.

A steady stream of carolers has also been adding Christmas spirit at Merwick. Among those visiting have been: December 11, a group from Lutheran Church of the Messiah; December 15, from Miss Taylor's School; December 18, from First Presbyterian

Church, and December 20, the Y-Teen Carolers.

**To Read "Angel"** A special group of carolers organized by Miss Carol Widman of Moore Street and the Moore Street carolers will visit this Thursday, December 22. Mrs. Georgine Hall, dramatic instructor at Princeton YMCA, will give a reading of "The Littlest Angel" the same day.

**ROUND-UP** There are four inches of ice on Lake Carnegie, but virtually no opportunity for good skating... before this week's snowfall, a small area had been cleared near the foot of Broadmead, but the surface was quite rough... the ice isn't strong enough to hold a leap snowplow, according to Peter J. McCrohan, winter recreation supervisor.

A Princeton undergraduate and a Princeton resident who is a student at Yale won Rhodes Scholarships this week. The former is Herman H. Funkenstein '61, while the

The price of cigarettes will go up a cent on January 6, when the state tax increase goes into effect... New Jersey will now collect six cents for every pack, using the additional revenue primarily to build a hospital for mentally-retarded children; to fireproof two state hospitals and build a medium security prison... Princeton Post 78, American Legion, has expressed its regret at being unable to make its monthly scrap paper collection Sunday because of the condition of the streets and the lack of trucks... the next drive will be held Sunday, January 15.

**Ten Years Ago: TOWN TOPICS** Dec. 20, 1960: Ground breaking was set for the new Lutheran Church, of which the Rev. Milton J. Nauss was pastor... on Easter Sunday, 1967, the congregation consisted of one family, and in three years' time, it had grown to 126.

Formation was announced of the Princeton High School Lay Council, with Dr. Warren Findley as its first chairman... other officers were Mrs. J. Douglas Brown, vice-chairman; Miss A. Myrtle Hensor, secretary; Mrs. Alan W. Richards, publicity chairman.

On the birth list that first week in December ten years ago were twin sons to Mr. and Mrs. Robert W. Barker, 12 Park Place; boys also to Mr. and Mrs. Walter F. Fulam, 13 Morgan Place; Mr. and Mrs. Thomas E. Colby 3rd, Kingston Road; Mr. and Mrs. Carl Olson, 438 Nassau; daughters to Mr. and Mrs. William M. Sionce, Valley Road; Mr. and Mrs. Hyatt B. Briscoe, Jr., Lincoln Highway; Mr. and Mrs. Ralph Stevens, 37 Lehigh.

Joseph M. Arnold, for three decades the county's superintendent of schools, was Man of the Week on the occasion of his 87th birthday... Princeton High School was offering "Jane Eyre" with Anne Blythe directing and principal members of the cast including Linda Browning, Keith Rowan, Sarah Christian, Antonia Vail, Sandra Jefferson, Phyllis Bellows and Vivian Wright.

Charlie Caldwell was the choice as 1960's "Coach of the Year" following his unbeaten, 26-0 season... Red Finnegan, Dick Kaemmer and Hollie Doman were accorded All-American honors, and Donnan and Jack Davison were picked to play in the East-West Shrine game on January 1... Dave Hickok was named captain of the 1951 eleven.

Jane Powell and Ricardo Montalban were featured in "Two Weeks with Love," a comedy at The Playhouse, while the Garden was booking "25-year old virgin" Charles Chaplin's "City Lights," now replete with sound... ties for fl and spotlights for \$18.50 were the pre-Korean War price-rise figures quoted in one Christmas hebdomadary advertisement.

**ADVERTISING VOLUME** is based on results. That's why TOWN TOPICS carries more classified advertising each week than in the year than all other Princeton papers combined.

### HEAT WAVE HITS

And Rain Replaces Snow. Tuesday's day-long predictions of a 10 to 15 inches of new snow went down the drain as the fall season's last fling at the lake was had and un-expected effect on the weather.

Temperatures moving well up into the 40s, along with the winds of wind that stayed in the southwest changed a predicted snowstorm to a relatively warm rain. The footing and the traffic conditions were hardly enjoyable, but were considered slightly preferable to ten more inches of snow.

Princeton, just emerging from last week's record storm, prepared to meet new snow with some of its equipment still in repair shops from the previous onslaught. In the Borough, a new system of snow clearing has been inaugurated in order to spare crewmen. There will be 20 regular men operating in two squads of 10 men each, will work 32 hours on, 12 hours off during a storm and the removal operations that follow.

Major snow-removal was complete in the Borough by Friday night, although work continued through Tuesday on danger spots like intersections, exceptionally narrow roadways, entrances to firehouses and so on.

Arthur Brokaw, Borough engineer, estimates that the Borough spent \$1,000 renting extra trucks and bulldozers. With overtime pay for crewmen and materials, new engines and repairs the cost will come to about \$6,000 or \$7,000 Mr. Brokaw said.

In the Township, "98 percent" of the roads were plowed by Tuesday evening and the intersections were done by Wednesday, according to Mr. Breth.

Both Mr. Brokaw and Mr. Breth found that the heavier the equipment, the more useful it was. Mr. Breth said that the snowplows were inadequate for drifts, and that commercial contractors' heavy equipment was what dug out the Township.

Equipment Problems Studied. The Borough had more offers of commercial equipment than it could use. Mr. Brokaw said, Mr. Breth said that the Township had some difficulty rounding up contractors' trucks and "dozers" because the equipment was scattered over the area on various jobs. Mr. Breth suggested that the Township begin to buy, one a year, a fleet of six-by-six trucks with three driving axles to sustain the burden of heavy, packed snow. He said these would cost about \$7,500 each. Mr. Brokaw said he hopes to work out an agreement with Castoro Brothers, Hopewell, under which the Borough would buy A-frames and underframes for heavy trucks. These would be mounted on Castoro's 15-wheel trucks, and when in a heavy snowfall, the trucks would report to the Borough garage, attach plows to the frames and start out on the job.

**THE SEASON OF LIGHT:** Palmer Square's traditional Christmas tree glows with the joy of the season. Princeton residents will gather at the scene on Christmas Eve for an annual carol-sing that has long been part of the Christmas season in Princeton. (Staff Photo)

"All our own trucks should be a notch or two higher in strength and ruggedness," said Mr. Brokaw, "small ones just fall down completely."

Both engineers suggest the purchase of double-duty equipment that could serve other purposes than snow-removal, but Mr. Brokaw would like very much to have a snow-loader.

There was very little competition between Borough and Township during snow-removal operations, and no competitive bidding for the same commercial trucks. Contractors' men, working for the Borough, did dump snow on Prospect Avenue where it slid over into Township territory and caused a problem for Riverside School officials and a delightful playground for Riverside children, but after the school protested, the Borough dumped elsewhere. Township trucks were dumped on Community Gardens.

Friday's severe snow, which many people thought was the beginning of a new blizzard, brought skid marks to Princeton streets. Mrs. Muriel Koch, R.D. 1, slid into a Township grader which had limped to the side of Harrison Street with a flat tire. Two cars skidded into each other on Quaker Road at Squatter's Grove where the road had been plowed into a narrow lane.

### THREE DAYS LEFT

To Talk to Santa. "Santa Claus" Schultz is hearing the end of another fortnight of keeping his young and ever-eager public happy. For the past ten days, he has been talking to Princeton area children from his workshop at the North Pole, answering endless inquiries, listening to hundreds of requests. (For a report on what first-graders at Valley Road School hope Santa will bring them, see "Question of the Week," page 10.)

Three days are left for the calls to Santa, whose energy is as boundless as the legendary soul he impersonates. The number is Walnut 4-3375.

As they have in other years Princeton area merchants have contributed to a fund that will help blind Henry Schultz balance his budget in the months ahead. The donors include:

The Town Saw Shop, Allen's Children's Shop, O.H. Hubbard Agency, Ull's Seltzer, The Wright Store, The Flower Basket, Princeton Recreation Center, Fart Hardware, Hulit's Shoes, Betty Wright Shop.

Also, Town Topics, Clearose Studio, Lehey's, Otten Jack Turner, Nassau Coffee Shop, The Annex, The Landrum, Nassau Pharmacy, Ledmann's Luggage, Dr. Nathan Kasrel, Princeton Stationers.

Also, University Cleaners, The Bail, Hinkson's, Clayton's, Liggett's Drug Store, Photography and Art Center, Zimman's, Nassau Market, Yeoman's Liquors, Kuller Travel, Vied's, Noah's Ark, Walter B. Howe, Swedish Massage Studio, Woodworth's, Nassau Paint Store, The Knitting Shop.

### ZONING SAYS "NO"

To Office Building. A one-story office building, designed for the New Jersey Bankers Association, was denied a place in Princeton Township when the Zoning Board Thursday night turned down a request for a property line variance.

The request was made by the Rocky Hill Realty Company which owns a one-acre parcel of land adjoining Research Park on Harrison near Ewing. The variance would be necessary because the minimum lot size in the engineering research zone is five acres and the Rocky Hill plot is only one acre. Furthermore, structures in the research zone must be 150 feet from the lot line and the proposed office building would be only 17 feet away from lot lines.

The building, designed in the Colonial style, would house only the banking association offices, which are now located on Hulit's Street next to the Princeton Playhouse.

Several neighbors of the proposed building appeared at the hearing and indicated that they had no objections to the new structure. Kenneth Wakefield, 516 Ewing, stated that he was in favor of the building and R. E. Middlebrook, 552 Ewing, said that he approved also but thought that the building should be in the middle of the one-acre plot.

of George Sands and Carl Geiger, will probably appear before the Board again in January with revised plans. It is possible that they will seek to buy additional land from Optimum Research Corporation. ORC did not send representatives to Thursday's zoning meeting.

In other business Thursday night, the Zoning Board denied to the Princeton Shopping Center permission to build a covered swimming pool and a frame cottage for Sylvan Pools in the open space between Daffy Queen and the Princeton Garden Market. The proportion of selling area to land area in the Shopping Center is fixed, and the addition of the Sylvan Pools shelter and display pool would increase the selling space beyond what is presently allowed. In addition, the Zoning Board felt that the new installation would block the driveway planned open design of the Center.

**THANKS FROM THE CHIEF**  
Pace Edna Tenna. James Pace, 1800 Chief of the Princeton Fire Department, expressed his thanks to the engineers, police and firemen who have assisted him during the past year in a letter of thanks. "To my fellow Firemen and Friends," Chief Pace leaves office on December 31. "My sincere appreciation for the excellent support and cooperation I have received this past year," the letter begins. "To the Board of Engineers, who have been most helpful and responsive when called upon."

"To the Firemen who give much of their efforts regardless of risk of their own safety to help their neighbors in time of need, this is what constitutes the Princeton Fire Department today. To the Borough and Township Police, who have been a great help and very co-operative in all emergencies."

"I wish for my successors, much happiness, interest and joy. I hope you will, too. I wish you like town topics, the best way to know your appointment is to mention it to our advertiser."

the same fellowship that has prevailed in the past, the true spirit of a Volunteer Fire Department whose personal reward comes from helping others whenever called upon."

"To each and every member and friends of the Fire Department my humble thanks for giving me the privilege and honor to serve as your Chief this past year. Last and not least to the local Press, you have done a fine job. Thank you all and I wish the very best for the future to all my friends and for a Princeton we all love."

### THIEVES CAPTURED

After Fast Chase. Three men riding in a car stolen from Prof. Everett S. Wallis, of the Princeton chemistry department, were apprehended by State Police after a 90-mile-an-hour chase down the Brunswick Pike. A fourth man made a getaway when the car was halted by troopers.

Arrested were George W. Edwards, 23, of Trenton, the driver; Alfred J. Carter, 20, also of Trenton; and William J. Powell, 19, White Horse. Troopers Charles Larsson and Robert Gaydos made the pursuit from Alexander Road south for four miles.

Edwards was charged with possession of a stolen car and driving without a license. The car was stolen early Saturday morning, according to police.

Borough Court Monday night, Magistrate Theodore T. Tams found all three men guilty of possession of a stolen car and fined them each \$25.

## News Of The THEATRES

### GIELGUD EXCELLENT

But Material Disappointing.  
Watching a performance by  
such a magnificent actor as  
Sir John Gielgud is always  
a pleasure, but the extent of  
the pleasure depends on the  
quality of the material. "Love  
and Death," the program he  
presented last Friday at Mc-  
Carter, simply does not have  
the appeal of its predecessor.

The show, presented here  
under the sponsorship of C-K  
Productions, consists of Sir  
John reading a collection of  
writings on various aspects of  
love and death. Authors repre-  
sented range from John Donne  
and Robert Browning to John  
Bunyan and Matthew Arnold.

A man standing on a stage  
reading poetry, even if he  
reads it beautifully, is not  
sufficiently entertaining to hold  
an audience for two hours.  
Sir John's readings included  
a few sparkling moments  
which evoked a warm re-  
sponse, but generally the ef-  
fect was tulling rather than  
stimulating.

At the conclusion of the read-  
ings Sir John gave two inter-  
pretations from Shakespeare,  
and the difference was over-  
whelming. Up to that point he  
had just been reading, but  
now he was acting, and the  
effect on the audience was  
electric.

The Shakespearean pieces  
were the final salvo from  
"King Richard the Second"  
and the scene from "King  
Lear" in which Lear wakes  
from his madness. Sir John  
is such a consummate actor  
that even standing on a bare  
stage, wearing a tuxedo, he  
can make any character come  
to life. This is what he did  
with the two Shakespearean  
pieces, and it was worth going  
to the show just to see them.  
It is unfortunate that he did

I WARN YOU, TOTO: Sebastian, the Magician (Richard  
Aaron of Lincoln Highway) warns Toto the Clown (Mari-  
lynn Buckland of 35 Stanley Avenue) to behave in the  
Princeton Children's Theatre production of "The Magic Red  
Shoes." Adapted from the Hans Christian Andersen fairy  
tale, the fantasy for children will be given Tuesday at Mur-  
ray Theatre.

not omit the readings entirely  
and present instead another  
evening of Shakespeare.

### CHILDREN INVITED

To See "Magic Red Shoes"

A three-act musical play for  
children, "The Magic Red  
Shoes," will be presented next  
Tuesday, December 27, at  
10:30 a.m. and 2 p.m. in Mur-  
ray Theatre on the Princeton  
University campus. A produc-  
tion of the Princeton Children's  
Theatre, the show is being  
presented by Theatre Intime.

The play was written and  
directed by Mrs. Constance  
Loux. It tells the story of a  
young girl named Gretchen  
who runs away from her  
grandfather to find adventure  
as a dancing lady in the cir-  
cus. The outcome of her ex-  
capade is determined by a pair  
of magic red shoes given to her  
by an old witch.

The part of Gretchen will be  
played by Lee Tim. Others in  
the cast are Richard Aaron,  
Suzanne Friedly, Marilyn  
Buckland, Ingrid Buck, Meta  
Thompson, Duncan Foxworth

and Mrs. Loux. This will be  
the second Princeton Chil-  
dren's Theatre production  
staged by Mrs. Loux. Tickets  
may be bought at the Univer-  
sity Store or at the box office  
the day of the show.

### THE PLAYHOUSE

The 3 Works of Gulliver  
(December 21-27) are England,  
the land of Brobdingnag and  
Lilliput, as readers of Swift's  
classic will recall. In this color  
production, the sensational  
visual aspects of the three  
worlds are neatly explored  
through a widescreen process  
called "Superdymation." Gulliver's  
incurable satire is noted  
but soft-pedaled, with the re-  
sult that this is an entertain-  
ing lightweight item that will  
be particularly favored by  
youngsters.

Kerwin Mathews appears as  
Gulliver, and his co-stars are  
Jo Morrow and June Thorburn.  
All act pleasantly, and the at-  
tractive young ladies constitute  
a little post-Swiftian love  
interest.

### News Of The Theatres

—Continued from Page 5—  
**Butterfield 8** (December 25-January 3). In the interest of honesty, we feel it is only fair to preface this review with the following disclaimer: We like to look at Elizabeth Taylor, and they have never seen a movie of hers that we didn't enjoy to some degree.  
 "Butterfield 8" is not a good movie by a long shot, and students of the John O'Hare novel are likely to be disappointed. Despite her one-act play brilliancy in "Cat on a Hot Tin Roof," Miss Taylor is no Helen Hayes, and the story of forlorned extramarital love sometimes borders on soap-opera. Laurence Harvey plays the married lover with his customary perception, but Eddie Fisher, as Miss Taylor's friend and confidant, is so innocuous that—even though it seems implausible—we suspect he is related to one of the survivors at MGM.  
 The film is partially saved by the scriptwriters' careful attention to O'Hare dialogue, and by a competent supporting cast. It is in CinemaScope and color, the better to see Miss Taylor.

**THE GARDEN**  
 The Crowded Sky (December 20-24) is a propaganda film urging us to do something about the chaotic conditions in our military and commercial airplanes. This is a particularly timely subject in view of last week's frightening air disaster in New York City, but as drama, at least in this film, it is Grade 2.  
 Centering around a midair collision between a Navy jet and a commercial airliner, the script brings before us a singularly uninteresting collection of type characters left over from "The High and the Mighty."

We have a flight captain whose son can't understand him, a stewardess tortured by her unrequited love for the co-pilot, and a comic lady psychiatrist agent. Their personal problems are brought out in a seemingly endless series of maddening flashbacks. The stars are Dana Anderson, Rhonda Fleming, Eileen Zimbaist Jr., John Kerr, Anne Francis, and Keenan Wynn, and the film is in Technicolor.

**Banquet** (December 26-31) is a thorough stinker, one of the so-bad-it's-funny epics the Garden presents every so often for our raucous amusement. Victor Mature leads the incompetent cast, which includes Rita Gam and Milly Vitale. The script, all about Hannibal's abortive attempt to capture Rome and the unmovable love and death of Miss Gam, is pitched at the same level as the performances. But both look good by comparison to the direction. In fairness, it should be pointed out that director Edgar G. Ulmer must have been hampered by his budget, which apparently was somewhere between thirty and forty dollars.

Although the Historical Hannibal has been the subject of Mr. Mature never appears with more than four, and these four keep appearing in the same sequence of stumbling elephants and a man falling off a ledge (the same sequence over and over again). If you're afraid Hollywood has become too slickly professional, point out that director in Italy, should assure you that amateurism is not dead.

## IT'S NEW

### To Us

SOME LIKE THEM SWEET  
Candied Christmas. For people who are trying to put weight, Christmas is a prime time, and we offer as a public service a catalogue of places where you can buy the biggest calories in town.

Thorne's for example, has Stover candies, those stand-by holiday chocolate assortments that always strike the sweet tooth just right. The new package this year is a ruby-bearded Santa on a red box. Prices for Stovers are \$1.40 for a pound, \$2.75 for two pounds in the assorted category. The Santa box is \$3.75 for one pound, 12 ounces.

Mrs. Martin, a next-door neighbor of the Stover family puts out sour balls and those beautiful fruit sippers. Tobler, who lives over in Switzerland, has a tremendous Christmas assortment, ranging from \$3.38 a-pound boxes of milk chocolate, to little wrapped miniature bars at eight for 75 cents. Thorne's has candy canes in all sizes, from 25 cents each for a regular crutch of a cane down to a nicker for the baby ones. You might put into someone's stocking a "book" of 12 lifesaver rolls (30 cents), or the chimney package which shows a candy ray of English caramels through a picture window.

Louise Maas and the Nassau Del show off Sherry's red and gold paper fifth of rum cordial cherries — a pound for \$3.50. Miss Maas has gathered those crystallized violets, mint leaves, and a potpourri of lilac, rose, mimosa and mint in fetching little boxes.

Rosemarie, at Louise Maas, is \$5 a pound. Coborette's Belgian chocolates, dark and light, are a bit over three pounds for \$3. The wrapping looks like binding, and you may file the chocolates in your library if you want to hide them.

Matta of Italy offers a painted Italian cart with plumed horse, plumed rider and a cart full of candy, as you might have guessed. For any occasion, Louise Maas suggests Pettis Fours Parisiennes, in chocolate or pastel assortments.

Like old-fashioned Christmas candies? Louise Maas has a green or natural reindeer in their candy. Thorne's has barley sugar and so do Viedt's and the Del. It used to be so hard to find! Country Mouse has Sea Chest's Honey Horsehead.

Thin ribbon candy, brittle as ice, is available in almost every shop. Thorne's, Viedt's, Louise Maas, the Del — all display it fondly and hope it won't shatter before you get it home. Almost translucent, it is.

## Bot Pluck Him First

Allen's Flower Shop in Hopewell has a brace of pheasants, fresh from the uplands, ready for you to present to somebody you want to impress. (Allen's says "a gift for an executive.") These birds are cleaned but still feathered and they come boxed with bits of bayberry and acorns for \$12.50, pair. For suggestions on how to suggest them, see the florist.

The flower shop, which also sells flowers, by the way, has gift tins of candles which they will deliver, gift-wrapped, to anybody you name. No feathers on these.

Crisps, with bits of crystallized mint scattered throughout. Here are canisters of Nations' six countries presenting their most noted porcelain in reproduction, Wedgwood, Sevres, Dresden, Delft, Majolica, Kang-Hai. Toffee is inside each one.

At Allen's Flower Shop in Hopewell, Pettis Miniatures are ready for the nibble at \$1.30 and \$1.85. Davidson's offers Polka-dot's miniature (Look at Davidson's long, hollow cane filled with wrapped candies and topped with a styrofoam handle).

The candy of the house at Nassau Pharmacy is Whitman, with Schreyer's (chocolate and hard-candies) and Candy Cupid in the same line-up.

Viedt's brings in crystallized ginger, wafer-thin mints, chocolate apples from Holland, hand-rolled candy canes and maple-sugar Sants. Lots of marzipan, too.

The Del's marzipan offering for Christmas dinner is a pig about four inches long. He's alive, though, with chocolate in his mouth. Not really alive, you know, just marzipan alive.

And while you're blocking out that Christmas dinner, think of ice-cream snowballs, rolled in coconut, for dessert. Each ball has a red candle and little holly leaves. Louise Maas and Viedt's.

We're back with Tobler again when we visit Louise Maas and the Nassau Del. This enterprising Swiss house seems to cover the town. Lindt hasn't given up, however, and is in full supply at the Nassau Del, wrapped suavely in a gold or red candy box. Try the Bonbon Tester with assorted filled chocolates.

For a traveler, you might give Tobler's two-foot wheel of chocolates with a cover of travel posters and ticket stubs. What else at the Del? Rum and butter toffee, Swiss candy pebbles, cocoa almonds, flower lollipops, candied papaya.

## It's Now To Us

—Continued from Page 7—

And for cocktails, Center Poultrey has cooked or fresh shrimp, and for something hot after shoeing snow or sking on it, there are stewing oysters. Fresh crab-meat, clams and oysters will provide a savor for any buffet.

Rosedale Market, of course, would rather have you serve ham. These giant smoked beauties are almost required in the New Year's Eve supper.

Fruit Varsity, Davidson's and Schaefer's markets will have dried fruits you need for Christmas dining. And if you have left someone off your list, you can always ask either market to make up for you a gift basket of choice fruit. Prices start at about \$7.50 and go from there, depending on how exotic your selections are.

Country Mouse puts up a picnic lunch in a \$9.25 hamper, with Sultana cheese, port salad, sausage and to go on. Little Crockets of cheese are \$1.10. Cooper's Oxtard preserves are \$1.10 each for one-pound jars. Country Mouse. You'll like the diamond-cut glass preserve jars that hold pineapple, strawberry preserves. Country Mouse suggests a gift basket of anything, from \$4.50.

Lots of Irish fruit cake around this year. We found some Nally Grogan's spiced with Irish whiskey at Country Mouse, and a fruit and cherry cake by Gato from Ireland. There's of fruit are big and chunky.

The Del pots artichoke hearts, pale, sherry cheese and onion soup into an imposing leather and wicker fishing creel. Smoked oysters, cocktail shrimp and schools of other cocktail crustacea go on top of a small wooden tray which is the least of their wickered wooden trays that come with the set.

Other delicacies are arranged in a round box with upholstered cover that shows you Paris in the '30's or just France. Choose your own hamper of delicacies from among the tiny jars of jam — two ounces of lemon marmalade or wild strawberry — the snug tins of orange or lemon cookies, the fragrant canisters of tea.

Gourmet raised the hive for hazy honey combs, 35¢.

## Where's the Knife?

Along with the fat goose, natural cheeses come in a the fussy podding and the sampler for mice to nibble on.

At the Nassau Delicatessen, French brie, French Gruyere Christmas tradition. On the one hand it is the cheese is ready, in bulk. Just a frank report of the Canadian cheddar or six-shopper who has to give somebody a last-minute gift. On the other, it is the mainstay of the holiday snack bar, the delight of the gourmet ending for a rich port salad, and a wheel of eight-year-old cheddar at \$12.20 a pound.

The Food Mart likes wine pride of that shop, where cheeses, blues from Denmark and domestic farms, soft Wensleydale cheeses, among dark, Bel Paese and Roquefort. Nine kinds of fort.

each in individual sizes. Twin-an Italian silver cap, designed its puts its tea in new boxes. English Earl Grey, Darjeeling and English Breakfast for people who need a hot hit.

Snails at the Gourmet have arrived with four plates, forks and small holders in a cool, diamond pack. Buy items separately, if you prefer. Forts, of Bath, England, sends those cheese blues that have been around as long as David Copperfield. Ginger thins, wheat-biscuits and the like come from the same house.

The children would rather have frosted English biscuits in a bright box they can keep. Mixed fruits from Italy come in a decenter you can use again, if you mix fruits at a later date.

## EFFERVESCENCE

But What's on Top? We've ordered a case of Old Frothingale, "pale ale for the state male," from Pink Elephant. This is the brew with the foam on the bottom, foamed at Upper Crudey on the Thames. That case is \$4.50 for 24 12-ounce bottles which you do not have to return. You do not return the foam either.

Pink E. suggests you sample some Kreusch from the three-lb. box wine sampler for \$4.47. The Paul Masson Connoisseur Selection presents half a dozen table wine specialties — "Dial Your Wine" card for \$5.20. Splits of Moet or Chandon would be fine for a stocking gift — a sheer black stocking, preferably. Don Perignon champagne comes in a hand-blown bottle (bubble glass) in a gold box for \$12.15.

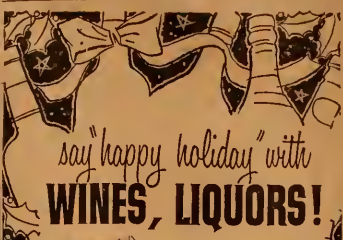

Yeoman's has Rothschild's champagne with two glasses in a beaten aluminum hocket for \$7.15 and Varsity offers 13 splits of champagne, pink champagne and sparkling burgundy. Paul Masson gives you two glasses with his pink champagne.

Cousins' 1959 wines come from the shop's new importers and the great word here on Palmer Square is "natural." This is the first time since 1953 that exporters have been able to use this word on white wine labels because, in the years since '53, the wines have always required additives of one kind or another. Now you may have Nersteiner Dambal, nazi Oppenheimer Goldberg, Jacques natur, Liebfraunlich Koenig natur, and so on. In red wines, Cousins offers Bastion des Dames, Beaujolais, estate bottled Beaujolais Brouilly, Cru Noble and other noble.

## Life insurance service... a matter of teamwork

"Teamwork" between the company and its representatives has earned for Manufacturers Life a reputation for a high standard of service to policyholders. The company provides a wide variety of modern life insurance and pension plans, backed by assets of more than \$87,000,000. Its progressive underwriting practice has enabled many people with medical impairments to obtain the benefits of life insurance.

But sound plans and liberal practices are only the starting points for a high standard of service. The Man from Manufacturers plays a vital role in "tailoring" the top quality life insurance "material" into practical programs of security for his clients. He is trained to help you determine just what you need for life insurance—which plans best suit these needs—and how much coverage is enough. He's at your service on all life insurance matters.

**cashier of the First National Bank of Princeton, has been designated an moderator and discussion leader for the group sessions. The series is designed to develop business leadership through economic discussion.**

**SCHOOLS STAYING OPEN One Extra Day.** Princeton Borough schools will stay open until Thursday at 12:30 instead of Wednesday, as originally scheduled. The extra day was needed to keep the Borough school schedule in conformity with state requirements. The state requires that the schools be open 180 days during the year, and the Borough schools, "originally scheduled" to be open 182 days, lost three days last week. The schools were closed

### Davis Is Honored

B. Woodhull Davis, former Borough superintendent of schools, was honored at Tuesday's meeting of the Board of Education with the presentation of a scroll recognizing the board's appreciation for his work. Text of the scroll was written by Irving W. Marshall, board secretary.

Mr. Davis, who has been associated with Princeton schools from 1923 to 1960, has been working on an address marked his last official year as superintendent. His attendance at a board meeting.

In accepting the scroll, Mr. Davis said, "These honors should be shared with many fine people and with a very fine community."

Monday, Tuesday and Wednesday, Superintendent Stroup said, because of the bad condition of roads in sending districts and because parking lots and paths could not be cleared before Wednesday.

He praised the work of the custodial staff and the Borough Engineer's office in making it possible for the schools to open last Thursday. Schools in Trenton and in Hamilton and Irving Township remained closed all week, he said.

**Telephone A Success.** Mr. Stroup also reported that the communication system worked very well. Under this system, a pre-recorded message informed telephone callers whether or not schools would be open.

"The only problem, Mr. Stroup said, was that some children called several times, crowding the system. 'We'd need 30 answering devices to handle such volume,' he said."

**Fence Removal Set.** A request from Bryce Thompson for permission to remove temporarily a fence between his property at 15 Nassau Street and the property at the Nassau Street School was approved pending execution of a legal contract. The question of whether or not the fence will be removed permanently will be considered at the January board meeting.

Mr. Thompson is removing the fence in order to erect an office building adjoining his present building. The new structure, Mr. Thompson said, will be a narrow Georgian building, two stories high, and

faced with brick. The side of the Nassau Street School toward Nassau Street School would virtually be a brick wall.

### CALLING ALL SANTAS!

For Institute Children. Residents. Robert Eisenmann has over 20 letters, which ask for modern Christmas presents of all kinds.

With the holiday just a few days away, prospective donors are asked to call Mr. Eisen-

mann directly at Nassau 01, and then leave their gifts at the Home Furnishing Shop. The project is sponsored by the Princeton Jaycees.

### Sen. Smith Donates Papers to Princeton

The papers of Senator H. Alexander Smith, including material relating to his 12 years on the Senate Foreign Relations Committee, have been presented to the Princeton University Library. Elected to the Senate from New Jersey in 1914, to fill a vacancy resulting from the death of Senator Warren Hearnes, Senator Smith was re-elected in 1916 and 1922. He was an active member of the New Jersey Republican State Committee, of which he became chairman, and also of the National Republican Committee. He and his wife, the former Helen Domhe, lived at 81 Alexander street but have not yet Street.

## You Take the High Road

Our favorite decanter this  
year is Gilbey's 32-year-old  
Scotch whisky with a special  
music box that plays "Loch  
Lomond." It's \$13.65, which  
is a lot for a Set to part  
with, but think of the double  
bargain: whisky and music  
box for one price. At Cousins  
and Yeoman's.

You buy it by the gallon at

REGISTRATION IS NEAR  
For Ten-Age Winter Pro-  
gram. Registration for the  
YWCA Ten-Age Winter Pro-  
gram will be held the first  
week in January, it was an-  
nounced by the program direc-  
tor, Mrs. Harold F. Vaughan,  
Jr. The 11-week program will  
run from January 9 to March  
25.

Included among the activi-  
ties which will be continued  
from the Fall program are the  
Senior Y-Teen Club, the Teen  
Club, and Teen Trimmings.  
The Y-Teen Club meets on  
Wednesdays from 4 to 5 and  
is open to all high school girls.  
Open to both boys and girls,  
the Teen Club is both a social  
and recreational program;  
it meets on Fridays for a  
swim and planned activity.  
The Trimmings (Monday, 4  
to 5) emphasizes exercise,  
etiquette, charm, culture,  
clothes and hair styles.

Also included in the Teen-  
Age program are many swim-  
ming and water classes rang-  
ing from beginners to life-sav-  
ing courses. A class in syn-  
chronized swimming under the  
direction of Mrs. Dolores Cuo-  
mo will continue on Mondays  
from 3:30 to 5. Additional in-  
formation of the Winter pro-  
gram may be obtained at the  
YWCA.

CAROL SING THURSDAY  
At Princeton YM-YWCA. A  
family carol sing, sponsored  
by the Newcomers' Club Music  
Group, will be held this Thurs-  
day at 7 p.m. at Princeton  
YM-YWCA, Avalon Place.

The singing will be under the  
direction of Mrs. H. W. Boy-  
nton. Paul T. Bertell, Jr., will  
be master of ceremonies.

## CHRISTMAS PARTY SET

For Lawrenceville Students.  
A Christmas party for all stu-  
dents in the Lawrenceville El-  
ementary School will be held  
Thursday, sponsored by the  
Parent Teachers Association.  
Mrs. William Hunter, hospitali-  
ty chairman, is in charge of the  
arrangements.

Santa Claus is scheduled to  
arrive at the school about  
10:15 and visit each classroom  
for a few minutes to distribute  
treats to the children. Room  
mothers will assist teachers  
with classroom activities and  
games as well as helping to  
serve refreshments.

FOR BETTER, HIGHER EDUCATION. Representatives of Princeton schools and the Princeton League of Women Voters examine copies of the study on higher education in New Jersey. The study, recently completed after four years of work, has been released in order to acquaint New Jersey residents with the critical state of higher education in New Jersey. Copies of the study are available in the Princeton Public Library and from League members. Left to right: Chester Stroup, superintendent of Borough schools; Graham Rhrer, president of the Borough of Education; Mrs. Martin Schwarzschild, president of the Princeton League of Women Voters and George Grace, representing the Township Board of Education. Registration for the YMCA's winter program will begin this Tuesday and continue through Saturday, January 7, with Monday, January 9, to be the first day of classes. John S. Mount is chairman of the newly-organized adult committee. The program brochure will be mailed to members, and is available at the Y office.

Exercise periods for men are scheduled at noon two days a week, as well as Monday and Wednesday evenings. The noon program will include 15 minutes of specially designed conditioning exercises and 15 minutes of swimming. The evening classes will be longer and more strenuous.

**Swimming Classes Planned.** Instruction in swimming will be given on both the beginner and intermediate levels, and recreational swimming periods will be available at noon, after work, in the evenings and on Saturday afternoons. A special scuba and skin diving course will be offered toward national YMCA certification.

Other sports on the program include judo, fencing, badminton, volleyball, basketball and weightlifting. Under the "informal education" category, classes will be offered in art for men and women, ceramics for beginners, horseback riding, duplicate bridge, radio and electronics, landscaping and home gardening, and "cracker barrel" crafts.

## MEMBERSHIP OPEN

In YMCA Men's Club. Vacancies are available in the YMCA's Men's Club, which is open to any young man in the Princeton community. The group meets every other Tuesday for a luncheon program, and is the service club for the YMCA.

Present members are Joseph Baleker, president; James Day, secretary; Dietrich Meyerhofer, treasurer; William C. Baggett, Robert C. Bateman, Robert Clotworthy.

Walter Fullam, Ned Getchel, Ray Halows, Glenn Lengnick, Thomas R. Rogers, Walter Sore, William Spicer, Forke J. Wallmark and Roscoe Williams.

Simeon F. Moss spoke Tuesday on the work of the State with migrant farm workers, and the January programs will include J. P. Meyer of Bamberg's, and Dwight W. Edwards, a YMCA worker in China. Mr. Spicer is program chairman. The next meeting of the club will be Tuesday, January 10.

## LAWRENCE PTA'S TO MEET

To Discuss School Budget. A joint meeting of all Lawrence Township PTA's has been scheduled for Thursday, January 5, at 8 p.m., in the Lawrence Junior High School. Carl Lindgren, president of the Lawrence Township Council which is sponsoring the program, will conduct the meeting.

The program will be devoted to the presentation and discussion of the school budget for the township. All township residents are urged to attend the meeting.

## NYSTROM TO SPEAK

On YMCA's World Service. Joel E. Nystrom, Executive Secretary of the International Committee of the YMCA, will present a report of his trip around the world, on Thursday, January 19, at the "X" Enlisted "The Y Around the World." The talk will be co-sponsored by the YMCA World Fellowship Committee and the YMCA World Service Committee.

Mr. Nystrom's presentation will be designed to illustrate and provide opportunity for discussion in many areas of world concern. The program will also serve the purpose of initiating the National YMCA Week celebration in Princeton which will be held from January 22 through January 27.

Invitations to the program will be made available to YMCA and YWCA members as well as to any persons in the Princeton area who are interested. —Continued on Page 21

Town Topics regrets that a combination of heavy volume of other news and a curtailed issue last week because of the snowstorm has delayed publication of the following letters.

## Police Action Condemned.

To the Editor of Town Topics: I wish to register a loud protest over the action of the Borough Police during the recent snow storm. After being completely snow-bound last Monday, I cautiously crawled the treacherous roads to the Princeton station Tuesday morning.

University Place was choked with drifts and stalled cars. No trains were on schedule.

As I approached the intersection above McCarter Theatre, cars were stalled and skidding the remaining stretch to the railroad. I pulled off the road to a snow drift and walked to the train.

Of course the hour-drive back from New York that night took two hours. No complaint. But when I walked up the street to my car, with a few stranded commuters to whom I had offered a ride, there remained only an empty drift. I called the police station and was greeted with a brusque reply that they didn't know where my car had been taken.

There were no taxis available. I called my wife who began digging out of newly formed drifts to come and rescue me. Half an hour later on changing my home, I found the drifts were nearly insurmountable.

So I called the police again and after pleading desperation they located my car at a local

garage. I paid the \$8 towing charge, but I really protest loudly over the Borough fine of \$5 under the circumstances. I am not a resident of Princeton Borough but certainly police could not have known that when they towed my car away, refused to disclose its whereabouts and placed a fine on it. If I were a resident, I would think more than ever that there is little excuse for this attitude from an organization instituted to be a community asset.

## Bathbubs and Baseball.

To the Editor of TOWN TOPICS:

When I first arrived in Princeton six years ago and started reading TOWN TOPICS, I decided you were right not to classify your "classified" ad section. After all, who knows when I might accidentally buy a \$50.00 house while looking through for a used bathtub?

Six years and 624 hours of hard reading later, I am forced to a conclusion: if I had spent those two hours a week it took me to read the wanted ad section working at say, \$15.00 an hour — a modest enough wage for a good writer — I would by now have earned \$336, or enough to buy about six new bathtubs. I have therefore decided that it is no longer worthwhile reading your ads. I will start reading them again when you classify them and I can be sure I will end up with the bathtub and not the house.

ELEEN SEILER  
(Mrs. Frederick E. Seiler)  
378 Jefferson Road

Editor's Note: TOWN TOPICS agrees with Mrs. Seiler that its unclassified policy is, at best, underdone. However, having watched the volume of such advertising multiply year after year, it is proceeding on the baseball adage that you never change a winning lineup." Meanwhile, readers who accidentally find themselves trying to move into a \$50.00 bathtub will have the full purchase price refunded.

## Thanks from United Fund.

To the Editor of Town Topics: At this season of the year, it is most appropriate that we pause and reflect on the outstanding job this community has done in its effort for the Princeton United Community Fund and the agencies which it represents. While we still cannot report 100 percent of our goal, we will reach it when every final effort has been completed.

The Princeton United Community Fund officers and directors wish to thank the hundreds of workers in their devoted efforts in solicitation. To the thousands of contributors, we offer our gratitude for the "giving" which has produced this excellent result.

Let there be no thought in anyone's mind that Princeton cannot or does not recognize and accept its responsibility in providing for its needs in health, welfare and recreation service.

Fred M. Blalcher  
President,  
United Community Fund

## By-Pass Backed.

To the Editor of TOWN TOPICS: The 206 by-pass, a recurrent local topic for many years, has recently received considerable attention from the Planning Boards of both Borough and Township, the Borough Council and the Township Committee.

As a result of its study of community planning and the Township Master Plan, our membership considers the 206 by-pass as worthy of the highest priority in new road construction. If the essential characteristics of Princeton are to be preserved the removal of heavy through traffic obviously is imperative.

"Delay will not only mean increased traffic congestion, but will also multiply the difficulties of obtaining the land (as areas continue to be developed) and will, in addition, augment the expense of building the road."

"For these reasons we urge you to expend every effort to secure as soon as possible a decision from the State Highway Department as to the actual location of 206-A and to press for an immediate allocation in the state budget for its construction."

## Money Well Spent.

To the Editor of TOWN TOPICS:

A letter from a local firm of which I am a director (Sturhahn, Dickenson and Bernard) informs me that they have "adopted" two thousand five-year-olds through the Save the Children Federation. One is a Korean girl, the other a Chinese girl. The firm is supporting the children with the money that usually goes to swell the blood of children given away by companies at Christmas time.

This seems to me a worthy channel in which to divert the conspicuous spending that companies, in common with other Americans, feel compelled to indulge in at this time.

## Translation Requested.

To the Editor of Town Topics: Mr. d. Reed Stuart's rebuttal to my letter (Mailbox Nov. 13-19) seems rather long and vapid, particularly in view of his reference of "big and little d" in democratic ideals. It is suggested that he translate this flowery comment into simple language for the sake of some readers who may fall within either group.

Obviously, Mr. Stuart was more obsessed with projecting personal ideas, than applying strict attention to the basic substance of my letter, thus neglecting to answer fact with fact.

## Opposes Some Plan Changes.

To the Editor of TOWN TOPICS: This is an area of explosive growth. Growth brings inevitable change, so Princeton cannot hope to be exactly as it is today 10 or 20 years hence. But most of us who live here and love it do hope that Princeton will remain as much like it is today as possible.

That is one reason that a master plan is essential; that is one reason that I, like many of my fellow townsmen, am glad the revised master plan has finally been submitted for study. I hope that study will be broadly based and will be thoughtful and deliberate, for what we decide now will surely shape our future.

Obviously, I have not had time to study the plan, but summations of it, I hasten to go on record to say that I am horrified by certain of its proposals dealing with traffic circulation. I hope that many other citizens will be equally horrified and that an aroused public opinion will prevent some of the changes proposed by the plan from being adopted.

As those who followed the recent political campaign will recall, I am strongly for the construction of the 206-A by-pass connecting Route No. 1 with Route No. 26 by a road east of the Township. That must be our first priority because that, and only that, will — Continued on Page 23

## BUSINESS In Princeton

**McALLEN IS DIRECTOR**  
OF NASSAU FUND. Robert G. McAllen of Battle Road, treasurer of the Lawrenceville School, has been elected a director of the Nassau Fund. He will fill the position left vacant by the resignation of Paul M. VanWeghe, who is now devoting full time to his duties as president of the Stony Brook-Millstone Watersheds Association, Inc.

Mr. McAllen, who was a securities analyst for Drexel and Co., Philadelphia, before accepting his present position at the Lawrenceville School, previously served as vice president and director of Horizons, Inc., Cleveland.

A graduate of Princeton University, Class of 1928, Mr. McAllen worked as a research chemist for the Martin Dornier Co., Newark, while attending New Jersey Law School. He taught chemistry, physics and mathematics at the Hun School from 1930 to 1942. After four years in the U.S. Army, he returned to the Hun School in 1948 and served as headmaster from 1948 to 1951.

**DIVIDENDS ANNOUNCED**  
By The Nassau Fund. The Board of Directors of The Nassau Fund has declared a year-end dividend of \$0.09 per share from ordinary income and \$3.37 per share from realized security profits.

Total Nassau Fund dividends for 1950 amount to \$3.86 per share.

share from ordinary income plus \$3.37 per share from realized capital gains. Dividends from security profits are taxable at the capital gains rate.

**FROTHINGHAM PROMOTED**  
By Crow Construction Co. Samuel Frothingham of 9 Ober Road has been elected Treasurer of the William L. Crow Construction Company, New York. Mr. Frothingham, who joined the company in 1949 as project manager, is now serving as project manager for the Crow Company in charge of construction of the Princeton University Engineering Quadrangle on University Field. He is chairman of the Princeton Township Planning Board.

Prior to joining the Crow Company, Mr. Frothingham was president of Frothingham and Smith, New York general contractors; manager of the Johnston Livingston Company, New York general contractors, and field engineer of J. Livingston and Company, electrical contractors in New York and Chicago.

During 1931-42 Mr. Frothingham served the War Production Board in Washington in liaison with the Navy Department on plant construction and expansion. From 1942 to 1945, as Commander, USN, in the Navy Department, he handled construction and expansion of manufacturing plants to produce ship components and electronic gear, for which he received the Secretary of the Navy's commendation for distinguished service.

**PHARES IN NEW POST**  
At Cary Chemicals, Inc. The promotion of Elwood W. Phares of The Great Road to the position of vice president in charge of sales has been announced by Cary Chemicals, Inc., of East Brunswick and Flemington. Mr. Phares joined the Cary Corporation in 1935 as sales manager.

Prior to taking his job at Cary, Mr. Phares was with Velocel Chemical Corp., Chicago, as manager of the market and commercial development department. Before that he was with Lederle Division of American Cyanamid in New York. A graduate of Rensselaer Polytechnic Institute, he holds a master's degree in business administration from the Harvard Business School.

**EXTRA DIVIDEND PAID**  
F. R. T. Also Awards Bonus. A special year-end dividend of 40 cents per share was paid this week by Princeton Bank and Trust Company to stockholders of record December 15. This compares with an extra dividend of 25 cents per share paid in December, 1950. Together with the regular semi-annual dividends of 80 cents per share, it brings the total dividends for 1950 to \$1.40 per share, highest in the bank's 128-year history.

Bonus payments to employees were also voted by the bank's board of directors. Each employee will receive a bonus totaling 10 per cent of his annual salary. Bonuses will be distributed this week.

George R. Cook, 3rd, president of the bank, said that annual earnings this year were highest in the bank's history. "Despite a somewhat lower annual average of deposits, both loans and interest rates were at a relatively high level, as was the business of our trust division," Mr. Cook said.

"Our prosperity has been shared with our customers through increased interest paid on time deposits and, more recently, through a lowering of rates on some types of loans," Mr. Cook reported. He added that he felt a "reasonable portion" of net earnings should be distributed to the stockholders and employees "who have provided the capital and labor to make our success possible."

**"MERRY CHRISTMAS' BAH HUMBURG"**  
That was what Scrooge said when he was greeted with "Merry Christmas" on the day when Christmas's nativity and there are times when some of us are inclined to agree with him. After all, the scramble for gifts, the commercial use of carols, and the overloaded Christmas tables have little to do with the birth of Christ. They represent the commercialization of Christmas: the use of this holy day for personal profit and gain.  
Christmas means the birth of a Saviour. The Good News of One who came to take away sin that we might know God and live in fellowship with Him. That is why the heart of Christmas is the experience of forgiveness — an experience which will cause you to celebrate this sacred occasion with praise and thanksgiving to God.  
You can make Christmas meaningful by beginning now to attend the church of your choice. If you are not definitely aligned with a Christian fellowship we invite you to meet with us as we seek to worship the Christ Child!

SANTA, PLEASE NOTE what Trudy Anderson (left), Allyn Dimock and Abby Conte would like this Christmas. Like the rest of their classmates, they have pretty definite ideas on what they want. (Staff Photo.)

### Question of the Week

Question: What do you want for Christmas?  
Where asked: Mrs. F. Wells Shoemaker's first grade class at Valley Road School.

Todd Marshall, 105 Dempsey Avenue: A big, fat, long rope to swing on, the kind you hang in a tree. I think I also want a Mr. Machine and a Venus Paradise Color set.

Trudy Anderson, 113 Dempsey Avenue: I want a Patty Play Bell for Christmas. And I want a Mr. Machine. And I want—there's a book and it has...let's see...it has a picture of a cigarette machine and that's what I want, the machine not the book. Let's see, I want what I like—house on TV—the door opens, the doorknob rings, the curtains open and shut, and the lights light. And I want the house with the furniture. And, let's see, I want a paper doll, a piano (the one that has a stool) a record player with some jazz records. And I want some school books and a desk to play school. And I want some line paper and, let's see, I want some puppets and a puppet stage and I guess that's all. Oh, no, I want some paints and some paste. That's all.

Allyn Dimock, 429 Walnut Lane: A game of jacks, a bike, a game of Winnie the Pooh and I'd like to have a toy space ship. I guess that's enough, I think.

Abby Conte, 6 Guyot Ave.: I want a doll house and a doll about my size. I think I'm 46 inches. And a Mr. Machine. That's all I want.

Richard McGrath, 99 Dempsey Avenue: I already gave Santa the list so I don't have to tell you what I want. I'm pretty sure he'll bring what I want.

Karen McCord, 205 Moore Street: A bike. I don't want anything else because we're moving over to Grandmother's and they'll be lots of things there to play with.

Oscar Bailey, 17 Birch Avenue: A bicycle and a soda fountain pump so I can make my own ice cream sodas. And a Remco modern racing car. Nothing else.

Maria Mack, 198 Birch Avenue: A walking doll, ice skates, an ice cream machine, a talking doll and a pair of roller skates. I don't know if I want anything else.

Jonathan Saunders, 447 Walnut Lane: A wagon, a train, a toy car that zooms, plain

white paper because I like to write. Let's see, now, chalk. Guess that's all.

Charlotte Glinka, 293 Walnut Lane: A hockey game, a Shirley Temple doll, a necklace and bracelet and two more dolls. I guess that's all.

Stefan Slaby, 469 Ewing Street: Mr. Machine and the new battleship they sell on TV—Fighting Lady! A couple of different kinds of waxes because I got some skis from Norway. A hammer and a few tools like a screwdriver and some nails. I like to build because my father is an engineer; he's a teacher. I think that's all.

Nancy Quick, 129 Jefferson Road: I wrote down on a list what I wanted but I forgot what I wrote.

George Bocanous, 150 Linden Lane: I want the Fighting Lady; the bandit when you hit him he shoots back at you; an adding game, "Sorry," "Concentration." Nothing else.

Ricky Cobb, 355 Walnut Lane: A stage. I have some puppets and I need a stage for them. A house and a table and one chair. And one game. That's all.

Davis Carver, 355 Walnut Lane: A rocket and Raggedy Ann. Some blocks and Raggedy Andy, too. I want both Raggedy Ann and Raggedy Andy. Nothing else.

Peter Lyngh, 156 Jefferson Road: Rifle Ranch, a cigarette stand and an airplane. Nothing else.

Lowell Johnson, 510 Ewing Street: Well, an Erector Set, a game of Cootie, I think, also I guess...hmm...a Rifle game and that's just about all. I wish I could think of a bit more to tell you but I forgot lots of it.

# YOU SHOULD JOIN THE HOSPITAL CORPORATION

We, the Friends of Princeton Hospital, are adding our names to those sponsoring last week's ad. We urge members of the Princeton Community to join the Princeton Hospital Corporation.

It is the Hospital Corporation that elects the Board of Trustees who carry the full responsibility for the government of the Hospital. According to the democratic principles of the Corporation every resident of the Princeton area may become a member and vote at the Annual Election, held in February. The sole requirement for membership is a contribution of \$5.00 or more to the Hospital Membership Fund BEFORE DECEMBER 31ST. You may become a lifetime member for \$100.

We believe that the Hospital will benefit from wider community representation and support in its plans for the future. Therefore we urge you to become a voting member of the Corporation. Please fill out this form and send it to Princeton Hospital. Your check should be made out to the PRINCETON HOSPITAL MEMBERSHIP FUND.

### TIGER SIX SURPRISES

With Pair of Victories. A highly successful New England trip provided a pair of victories for Princeton's young hockey team, with the 6-4 over Northeastern ranking as a distinct upset. The Massachusetts college's small but ranks with the better teams in the hockey-happy Boston area. It had posted victories over Boston University, Brown and Yale before taking on the Tigers.

The weekend junket began with a 5-2 overtime victory over Brown at Providence in which Princeton some how managed to survive the effects of 15 penalties. This continuing tendency to play a large portion of each game a man short seems sure to hurt the undermanned Tigers in most cases, but this time they over-estimated a winless Brown team. The loss was the Bruins' sixth in a row.

Perry Hall put the Orange and Black off to a good start with a goal at 10:28 of the first period, but Brown took a 2-1 lead with 11 minutes left. In the third round, Johnny Cook's goal at 18:33 then tied the game into overtime. With Dave Hersey hatting in a rebound at 4:37 to win for Princeton, Cook also assisted on Hall's tally and continued to play standout hockey.

On Harvard's Watson Rink at Cambridge Saturday, Coach Norm Wood's operatives staged a see-saw contest with Northeastern and emerged the winner. The Tigers twice came from behind and actually had a 5-3 lead before yielding the lead's final goal in what was clearly their best game of the young season.

The high scoring first line of Hall, Hyland and Cook paced the Princeton attack, each player scoring once. Paul Burnett and Huch Scott were credited with the victors' other goals, and Captain Barry Van Gernie was frequently spectacular in the nets.

The Tigers will take to the road again shortly after Christmas, playing three games in as many days in the Rensselaer Polytech Tournament at Troy, N.Y. Harvard's fine team will be among the entities.

### DEFENSE CHUMBLER

As Quietest Edges Rutgers. If Princeton's basketball team fails to protect big leads in the future as it did against Rutgers last week, the bright prospects playing for the Orange and Black will become considerably tarnished.

From a presumably comfortable 57-35 margin in the second half, the Tigers gradually slipped into an 81-75 tie and then had to get a basket within two seconds left to force an overtime battle. In the extra round, they frittered away a six-point lead before reserve center Tom Adams tapped in a follow shot to make it a 94-92 final.

### Deerfield Wins

Erasing a 1-0 deficit, Deerfield Academy defeated the Nichols School of Buffalo Saturday afternoon to win the 13th annual Lawrenceville Hockey Tournament. Lane started at defense for the victors, who trimmed Nichols 4-1.

Choate, whose squad included Dave Kelley, Nick Hare and Robbie Carrick of Princeton, edged Teft, 3-2, to win the consolation final. The host team, Lawrenceville, lost its first two games to Nichols 6-1, and Teft, 4-1, but blanked its traditional rival, the Hill School, 6-0, Saturday morning.

Al Kaemmerlin played another fine game for Princeton, leading in rebounds and accounting for 22 points but he fouled out with six minutes to go. Neither 67 Larry Brennan nor Adams was effective as his replacement, and Rutgers steadily closed the gap.

The Scarlet took an 88-84 lead with 14 seconds left, but Captain Don Swan drove in for a lay-up just before time ran out to prevent the Tigers from absorbing an ignominious defeat. They moved out quickly in the overtime round with six straight points, only to fall back to another tie. Adams' lay up then followed the victory raising the team's record to 4-1.

Sophomore Art Hyland was high man in the contest, his 29 points including a fine 11 for 18 from the floor. Pete Campbell contributed 21, making eight of 13 field goal attempts.

### HUN FIVE WINS OPENER

Idle Till January 7. In its opening game against Bryn Athyn Saturday, the Sorcerer gymnasium, the Hun School basketball team presented its new coach, Dan Barz, with a 47-32 victory. The Red and Black will not play again until January 7 when it meets Delbarton in a non-league game on its home court.

Originally, Hun was scheduled to open the 1960-61 season against Pingry. The game was postponed twice because of the weather, however, and will not be played until sometime after the holidays.

Bryn Athyn threw a scare at Hun when it jumped to a 16-13 first-quarter lead. At the start of the second quarter, Hun switched from a man-to-man to a 3-2 zone defense. The maneuver was so successful that the visitors were only able to score 16 points in the remaining three periods. "We plugged up the lane as effectively," Coach Barz reported, "that they were forced to do all their shooting from the outside."

Much credit for the win belongs to Jay Maynell and Jim Byer who grabbed off 23 rebounds between them. This was four more than the entire Bryn Athyn team whose starting five, man for man, was taller than Hun's.

Top scorer for Hun and the only one to hit double figures was Princeton's Tommy Peterson with 17. Tommy hit on five of 12 shots and sank seven out of 10 foul tries. Gary Groves and C.A. Hale each had six points.

The game was a Penn-Jersey League contest. Next League opponent for Hun will be Germantown on January 11.

### BASKETBALL PLANNED

Boring Vacation. The Board of Education of Princeton Borough and the YMCA have combined resources to provide all high school boys in the community an opportunity to play basketball during the holiday vacation week.

School Superintendent Chester R. Stroup has announced that the Princeton High School gymnasium will be open for informal play from 1 to 3 next Tuesday, Wednesday and Thursday. The Y will provide

supervision and equipment but no super gym shoes will be required. All high school boys in the area are invited to participate.

### MRS. WOODBRIDGE WINS

In Skating Contest. Mrs. Dwyer E. Woodbridge of Carter Road, representing the Princeton Skating Club, Inc., was winner of the dance event at the South Atlantic Figure Skating Championships, held recently at the Valley Forge Country and Skating Club, Audubon, Penna.

By winning this event Mrs. Woodbridge became eligible to compete in the Eastern Championships which will be held at the South Mountain Arena, West Orange. Winner of the Eastern Championships will enter the National Championships.

### SEXTON NAMED PRO

At Pine Brook Links. Rudy Sexton, a New Jersey professional for over 25 years, has been named pro-groundskeeper for the new Pine Brook Country Club in Belle Mead. His appointment was announced.

## RIDING IS OFFERED

By J. Van Alen, Jr.  
The Princeton YMCA is now registering adults and boys and girls for a new series of riding lessons. It was reported by Mrs. Jane Clark, Riding Club advisor. As in the past classes will be formed according to ability with adult classes meeting on Tuesday evening and the youngsters on Saturday and after school.

Conducted by the Princeton Riding Club, the program is entering its second year. It began with a group of seven children and has grown to include some 100 children in 11 classes and 16 adults in two classes.

## HEARING POSTPONED

Company Asks Delay, Kingston Trap Rock Company did not send representatives to Township Committee Monday night, as requested, because two of the company's blasting experts were not available. Wilkes Davis of the company told Township clerk Joseph Nini that one blasting expert, a peer, who lives in Hazleton, Pa., could not come to Princeton because of the snow and that the other, who works for Hercules Powder, was temporarily out of town.

Mr. Davis told Mr. Nini that the company did not want to appear before Committee without its experts, and asked for a January hearing. Mr. Nini also told Committee that he had had no response from the state in answer to Committee's letter requesting an official inquiry into Kingston Trap Rock blasting practices. Other municipalities to which the Township sent copies of its letters to the state and to the company, have not acknowledged receipt of the copies, Mr. Nini said.

Committee discussed the possibility of inviting the municipalities — Montgomery Township, Rocky Hill Borough, Franklin Township, South Branch Township, and West Windsor Township — to be present when Kingston representatives appear before Committee in January.

The company has been asked to explain a heavy blast which occurred on Monday, December 8, at 4 p.m. Mr. Davis has said that a jet plane breaking the sound barrier caused the explosion, most simultaneously with a light Kingston blast.

Mr. Nini reported to Committee uncollected personal property taxes amounting to \$393.50, mostly from families who lived in and moved out of the University's Harrison Street project. Mayor R. Kenneth Fairman reminded Committee that municipalities must decide by next May whether to continue such personal property taxes.

Under the new state policy, the county determines the percentage of assessed valuation at which all taxes are to be levied. Personal property taxes will require separate listings. Mayor Fairman said, and this would mean extensive remodeling of Township book-keeping procedures. New postage machines, new supplies and a new tax clerk would be necessary to handle the load, and Mayor Fairman said it seems probable that the Township will decide to abandon personal property taxes rather than incur the additional clerical expense.

Committee also passed on a resolution an ordinance to accept part of Terhune Road between Grover Avenue and Randall Road.

That Township Committee meeting will be held on Wednesday, December 28, at 8 p.m. It will be the last meet-

ing of the present Committee before reorganization on January 2.

## LICENSE REVOKED

In Court Action, Harry W. Missie, 26, 11 Euclid Avenue, Kingston, had his license revoked for three months by Borough Magistrate Theodore T. Tams Jr. following a con-

vicition of speeding. Mr. Missie, who pleaded not guilty, was also fined \$30.

A total of \$25 was paid by Arthur Aiof, 22, Cherry Valley Road, for discharging passengers illegally and failure to have his registration in his possession. He pleaded not guilty to the latter.

R. H. Vogel, 19, 17 Willow Road, Lawrenceville, was fined \$20 for disobeying a traffic officer's signal. Use of an illegal horn cost Victor Colucci, 32, Scotch Road, Pennington \$10.

Dominick J. Gallo, 19, 41 Franklin Avenue, paid \$20 for crossing the center line of a highway, while a \$20 fine for

speeding was imposed on Thomas A. Mitchell, 41, 101 Magnolia Lane. In criminal court proceedings, \$25 fines for disorderly conduct were paid by Henry Brown, 45, 80 June Road, and Fred Porter, 31, 91 Jackson Street.

NEW YEAR'S BALL SET  
By Sportsman's Club. The

Third Annual New Year's Ball of the Italian-American and Italian-American Club will be held on Saturday, December 31, at 9:30, in the clubhouse on Terrace Street. Tickets will be furnished by "Little Louie" and his quintet.

Tickets may be obtained at the Sun Beach Luncheonette. —Continued on Page 23

## ANNOUNCING PAYMENTS TO RAMBLER BUYERS AS RAMBLER'S SALES VOLUME INCREASES

# Why You Should Join Rambler's New Crusade For Adequate Progress Sharing With Customers

"I believe participation by all consumers in economic progress is absolutely necessary in meeting the nation's economic needs."

GEORGE ROMNEY  
President, American Motor Corporation

Rambler's rise to a top position has put us in position to undertake a new crusade. This program, which could provide greater individual and national benefits than any we've yet undertaken, calls for customer progress sharing.

As volume goes up, costs come down. So, sharing economies that would result from a 50% Rambler sales gain over last year for the period December through March could provide payments to customers of \$18,698.062.

But, before presenting our new Rambler crusade, let me review some highlights of the first one.

When we forged our basic Rambler concept, U.S. cars were in a dire, horsepower and styling-change race that cost the car buyer money. So, we developed the compact, economical, modernly engineered Rambler.

## CONSUMER BENEFITS FROM LOWER PRICES

Because of low volume, we had to price our first Rambler Americans about equal with Chevrolet and Ford, traditionally "lowest priced."

As our output and economies increased, we shared the resulting economic advantages with Rambler customers. Despite inflation, we kept prices low. We also concentrated on durability and quality. That is why Rambler excels in trouble-free operation, as shown by trade surveys made by others.

What has this done? It has increased our sales—made us a vigorous new competitive force, compelling all competitors to introduce compact cars. Their compact cars unquestionably are better buys than their big cars, because their big cars don't have the compact's advanced engineering.

Despite these moves to meet Rambler competition, Rambler American models are now priced not only below competitive big cars but below their economy compacts as well.

In addition, Rambler provides customers several exclusive trouble-free

engineering advances such as the self-proof, rustproof Ceramic-Armored muffler and tailpipe.

The Rambler line includes three basic sizes of compact cars—Rambler American, Rambler Classic and Ambassador, the latter two developed after the original American series.

## RAMBLER SALES SOAR

In two years, Rambler's per cent of market has more than doubled. For the last 38 straight months, Rambler sales have established a new record for that month. We want to continue this growth by serving you even better.

## THE NEW RAMBLER CRUSADE

Our new Rambler crusade, like our compact crusade, is based on sharing Rambler progress with car buyers.

1) We believe the new Rambler crusade has timely significance. Our country currently is experiencing a mild economic slowdown—with rising foreign competition and weakness of the dollar. Our larger competitors are considering partial manufacture and importation of cars for the U.S. market from abroad. There is a general profit squeeze.

We believe the greatest single economic cause is that relatively too much of the fruit of industrial effort has been going to a few well organized economic groups, not to the consumer.

## CUSTOMERS TO SHARE RAMBLER PROGRESS

We decided there was something we could do. We decided to share future progress with ALL customers who take

NOTE: In all cases, "BUYER'S" means a person who actually takes delivery, not places an order. WHY IT WILL PAY YOU TO BUY NOW. This unique program is cumulative and retroactive. Early buyers can get more, but never less bonds, than buyers in succeeding months. Your Rambler dealer will be happy to give you the complete details of the plan but here is a quick example of how it works and keeps on working for you: If December Rambler deliveries increase 20% over last December, December buyers of new Ramblers or Metropolitans will receive 350 bonds. As the four-month period progresses, additional bonds will be mailed to the December buyers each time the cumulative sales reach a higher bond payment sales level. Also, if sales increase for the four-month period exceeds 50%, proportionate additional payments will be made to all buyers during any of the four-months.

delivery of a new Rambler or new Metropolis between December 1, 1960, and March 31, 1961, from an authorized Rambler dealer (excluding governmental sales), giving them most of the benefit of additional cost reduction resulting from further increases in Rambler sales volume.

This can mean a sharing with Rambler buyers during the four-month period of government savings bonds (Series E) with a maturity value from \$3,679,850 (10% sales increase), to \$24,830,150 (50% increase). See chart for details.

## BOTH CUSTOMERS AND AMERICAN MOTORS GAIN

You have everything to gain and nothing to lose by joining this crusade. The same is true for us.

You can't lose because Ramblers are better than big cars and the best of the compacts. Ramblers are more trouble-free, more useful, longer priced.

You make your regular deal in the regular way for a new Rambler. You then may share proportionately in the economies and profits of higher Rambler volume in December, 1960, and the first three months of 1961.

We gain by acquiring more Rambler owners, which will make our growing market even larger in the future. That's because Rambler owners become Rambler salesmen and are the most loyal "repeat buyers" of any make. Ask your neighbor all about his Rambler, then join the Rambler crusade. Join us in focusing the nation's attention on the essentiality of equitably sharing economic progress with ALL consumers for the WHOLE NATION is to prosper.

Signatures of George Romney and other executives.

P.S. Some say any company that doesn't do much about national problems is a selfish company. That's the Nation's Economy's "attracted nationwide notice. Ever complete text of its statements, write American Motors, Box 29, Detroit 22, Mich.

Monkeys are caught by filling a coconut shell with chopped coconut meat. The monkeys grab a first and, unwilling to let any go, cannot withdraw their paws. So they are easy victims. The U.S. consumer is not yet as wary as shown, but unless there is a more equitable division of the productivity increases, he will get that way. One of the three American groups must let go and set an example—or all will be captured and, along with the consumer, all will suffer.

## Report from THE MAYOR

**Merry Christmas!** Once again it is Christmas in Princeton. The heavy snows that have been such a burden to every one have nonetheless provided a scenic touch for a real "old fashioned" Christmas.

The subfreezing temperatures day after day have not had the power to diminish the warmth of hearts and smiles and handshakes in a town that has so many reasons to understand and to appreciate the real meaning of Christmas. To one and all the Mayor extends best wishes.

A special greeting, too, should be sent on behalf of the community to all the members of the Borough staff who have served faithfully and well. Greetings also to the many volunteers who serve on boards and committees as part of the official family.

And a very special greeting to those for whom the White Christmas has meant so much extra effort — several of the men engaged more than 70 hours of grooming work during this past week.

**Trees and Budgets:** Last week's meeting of Mayor and Council was the last regular meeting of the Borough governing body: Mr. Trees and Mr. Budget.

Councilman Dick Colman has been a strong contributor to Borough government in many, many ways during his six years on Council. But all of us agree that we will remember him best for his constant, untiring reminders of the importance of Princeton's trees.

It took only a quick question from the Mayor to elicit a spirited discourse from Councilman Colman. We hope to hear him busy, officially unofficially even after his "retirement" from Borough Hall.

Mr. Budget is, of course, referring Councilman Dick Lester, an acknowledged master in the

art of pruning budgets, watching municipal expenditures with a calculating eye, and supervising the handling of Borough cash and investments to get maximum mileage out of each tax dollar.

Councilman Lester will be missed — especially at budget time — and appreciated — most especially by the Councilman who is persuaded to take on the portfolio of Finance Chairman, and by the Mayor who has come to rely on his wisdom and judgment in so many areas of Borough business.

**Friday Open House** The regular weekly "Tell it to the Mayor" sessions will be held on Friday, December 23, and Friday, December 30, from 7 to 10 p.m. at Borough Hall. No appointment is ever necessary for these informal meetings.

Mayor and Council will also meet next week for a final 1960 session aimed primarily at routine business items; transfers between accounts; authorization for payment of bills, and so forth. Council has voted to hold the organizational meeting for the new year on Monday, January 2, at 12 noon.

It is hoped that the public will attend this formal session and the customary reception thereafter to welcome our two new councilmen and salute our two retiring members. A new enterprise will also become official on January 2nd with the appointment of the members of the board of the new joint public library, approved by referendum in the Borough and Township in November.

**In The Cash Register.** Mounds of snow will doubtless reduce parking meter collections in December, but at the end of November the total had reached \$65,623.47, an increase of \$4,262.81 over the same period last year.

Other items of interest in the Treasurer's report: 1961 prepaid taxes totalling \$13,550.29 with only \$7.64 uncollected from 1959 taxes; receipts in ten revenue accounts which have exceeded the 1960 budget anticipation, reflecting in several cases the increases in fees voted by Council during the year.

The second priority, which is second only because of tactical considerations in our relationship with the State Government, is to construct the "internal loop" which will serve local residents who while remaining in the general area, have no desire nor need at the moment to become embroiled in the center of the town. That loop should consist of Harrison Street, Hamilton Street, and the Wiggins-Avalon including the link proposed between Bayard and Alexander, and the road which the University has offered to help construct south of Lake Carnegie connecting Alexander and Lower Harrison.

We do not need, in my estimation, a lot of additional "straightening" of roads, and construction of other links within the heart of the Borough is almost certainly less when I say that I am very strongly opposed to what appears to be proposed in the way of almost wholesale straightening and widening and grading of streets in order to achieve what might be called "map neatness."

Our historic eastern towns were not laid out on a grid ground with a rectangular grid of streets and property lines. They were laid out on a compass. A good portion of the charm and character of our towns, of which Princeton is no exception, is due to the fact that they do have streets of varying width: narrower streets do not meet exactly at right angles, streets which are sometimes dead end, and sometimes end in loops.

I recognize that the automobile is here to stay, but I refuse to concede that we must map our physical surroundings entirely for those drivers who feel they must get from one side of the Borough to the other in two or three minutes less time than it now takes. We have not yet entirely lost the use of our legs, some adults enjoy walking.

Of course children still do often walk, and the students at all our institutions do a great deal of walking. Indeed one of the charms, often unrecognized, of this town is that it has the aspect of a largely pedestrian population. Let's not change that since we do not have to.

The other feature of the proposed revision in the master plan about which I believe the people of Princeton should be immediately aroused even without study is the proposal to cut Marquand Park by creating a link between Elm Road and Springdale Road. If the Alexander-Bayard part of the loop is completed, I see very little excuse for an additional internal through north-south street. I see no excuse for dividing one of the superb natural features of the town in such a way that its beauty and its usefulness would be largely destroyed.

R. W. VAN DE VELDE  
67 Olden Street

**Protests Police Action.** To the Editor of Town Topics: During the snow-storm when we knew all the facilities were being taxed to their utmost, we dug out our drive-way, put chains on our car, helped other commuters get to the station and did what is in our power to relieve congestion and not bother anyone who had to do with speeding the snow-removal process.

Last Friday, I went to New York; it was snowing hard at 9:15 a.m. and the traffic at the station was heavy; there were not a policeman in sight. I parked in the center of University Place opposite the station in a space left between a group of nine other cars.

When I came back at 4 p.m. my car was gone. Without any warning it had been towed away. After trudging to Borough Hall, I was told to go to the other end of Nassau Street to a garage that charged me \$10 for towing. A sign was on the car. The notation: "OBSTRUCTING RAFFIC."

University Place. However, the snow the car was parked on is still there today!

I still have my fine to pay. It will have been an expensive snowstorm despite doing all our own work, but most disappointing of all is the callousness of the authorities.

Force of habit can bring strange results. Through habit we often accept less than the best rather than try something new. Perhaps by habit you continue to buy the same GINGER ALE and CLUB SODA that you've used for years. You'd be surprised and delighted if you'd try KERNS PALE DRY GINGER ALE and KERNS SPARKLING CLUB SODA. You'll find that Kerens has in these two mixers beverages of superlative quality. KERNS CLUB SODA and KERNS GINGER ALE will hold their sparkling carbonation long after other mixers have gone flat. Try these two KERNS products. You'll like the clean taste of KERNS GINGER ALE; you'll like the zingy spring character of KERNS SPARKLING CLUB SODA. Ask your dealer for KERNS by the case or by the bottle. You'll like the saving in price, too. Call WA 4-0836, 12-22-51.

There's great news today for lovers of fine bubbles. NOW KERNS BEVERAGES are importing the world's finest bubbles. Arriving daily by air express these bubbles are used in KERNS GINGER ALE and KERNS CLUB SODA. Not content with ordinary coarse pinpoint carbonation, KERNS is using only these needle-point bubbles handcrafted to the old world. Carefully submerged in KERNS GINGER ALE and KERNS SPARKLING WATER, these bubbles are now available for your family and your guests. Discover for yourself what a difference these two products can make in your mixed drinks. Ask your dealer to reserve for you some of these distinguished beverages. . . .
